NOTICE TO CAPITALISTS.

I SHALL Proceed to sell to the highest bidder for cash, at the Court House door in the town of Louisburg, on the 1st Monday in November next, it being the 7th day of the month, some Twenty or Twenty-five Thousand Acres of valuable Land, among which is the well known Portis Gold Mine, lying in Franklin county on the waters of Fishing and Shocco Creeks, containing nine hundred thirty-three and one-third (933⅓) acres together with all the Machinery and appurtenances.

Also, all the chattle property. This property is so well known that any particular description is deemed unnecessary. The entire tract is rich in Gold, and all the difficulty is a full supply of water. We are informed that an Independent Water Company is now surveying a ditch from Sandy Creek, to supply this and other Mines in the neighborhood with water. When this is done and it will be accomplished in a few weeks, this property will be immensely valuable This property will be sold for cash and unless parties from a distance come in competition, it must be greatly sacrificed.

WEDNESDAY, OCTOBER 5, 1870.

IMMIGRATION.

We charge that the real causes why the efforts which have been made to promote immigration in this State have not been successful, are various, but chiefly owing to Radical policy and Radical rule. The *Standard* on the other hand in a series of false statements, charges it upon the existence of Ku Klux outrages, and the encouragement given to them by Democrats and Conservatives.

So far as the influence of the *Standard* and its cotemporaries of the Radical school, could prevent immigration by highly colored and false presentations of the outrages which have occurred in the State, it has been done. That paper has labored incessantly to keep the Northern people, as far as it could reach them, and it has been aided by Northern Radical papers in this work, in a state of alarm in reference to lawless outrages, by magnifying the number of them, by withholding the real facts of the cases occurring, and by falsely charging all of them upon Ku Klux.

But these hobgoblin stories of the *Standard* have had but a partial influence in restraining immigration. Those who have been exerting themselves to promote immigration have not had the earnest co-operation of the people or of the State. In Virginia, the case has been different. Men of means in that State, have in every way promoted the plans of the Land Companies and emigrant agencies—the Legislature has encouraged them—their Railroad Companies have largely contributed to it, and when Northern planters have come among them to purchase lands, the owners of lands have been ready to sell at prices which suited the purchasers. Besides, being more contiguous to Maryland, Pennsylvania and New Jersey, persons seeking lands have easily been turned away from this State and induced to settle in Virginia. Moreover, Virginia not having been reconstructed until recently, she did not become the prey of carpet baggers as North Carolina has. Her Convention which passed her Constitution, did not so entirely revolutionize her as our carpet bagger Convention did North Carolina, nor did her Legislature recklessly plunge her into a debt like ours, which she never could pay. Northern men seeking a home which promised future prosperity could not see it in North Carolina, under the rule of an imbecile, corrupt and swindling officiary—had no hope of finding it where labor and agriculture had so little to expect, from a government hampered by a debt so heavy as to be compelled to tax them beyond all precedent. These are the principal causes why sensible men, have failed to come among us in great numbers. The case is palpable, that you can scarcely find an intelligent Northern Republican who has come among us to pursue agriculture or any other business vocation, who has not abandoned the party and at the late election who did not vote with the Democratic Conservative party. Of course we do not include in this number any man, who has been an office-seeker or who has his eye upon political promotion.

Immediately after the adoption of the new Constitution in April, 1868, property went up in all parts of the State, and there was every reason to believe that immigration would turn toward the Southern States, and *especially* North Carolina. This era of good feeling soon passed away, and such a state of things took place, as to *deter* almost every man of capital from our midst. *Standard.*

The Radicals promised, as soon as they passed our present Constitution, and started the machinery of Radical government, that lands would at once appreciate in value, the treasures of the North would be poured into the State, money and capital would be plenty and everything would be fat and flourishing. Who has witnessed the fulfilment of the pledge? Where is the evidence of it? None but carpet baggers and scalawags have seen that good time. They have stolen and wasted every dollar which the State Treasury has had and bankrupted the State. It is not true that property went up in all parts of the State, soon after the adoption of the Constitution. In those towns where trade was improved by cotton, there has been some rise in property, but high rents soon after the war had already given property an advance in those cases, before the Constitution was adopted.—Money and capital have been so scarce, there has been no substantial or general improvement at any time, in the price of property. Nor was it an era of good feeling. No one felt good but the carpet baggers and their abettors, who saw their schemes of swindling and robbery about to succeed. As to the intelligent and virtuous people of the State, from the day the Constitution was adopted until the recent Radical defeat, it has been a continuous scene of despondency and gloom.

NATIONAL INTELLIGENCER.—This old paper has been removed from Washington City to New York, and is now issued under the management of Alex. Delmar and N. H. Lewis. It does "not claim to be a party organ, but proposes to present all that is best in the doctrines of both parties and to address a class of readers anxious for the greatness and good government of our country."

Wilmington wants a loan of $30,000 at 12 per cent.

WHAT IS GERMANY?

During the present great hubbub in Europe between Prussia and France, we hear a great deal said and see a great deal written about Germany and a German confederation; and many, no doubt, who read and talk about these things, have a very imperfect idea of what Germany is; indeed, if they were asked the question, what is Germany, no two would agree in the answer.

The term, Germany, is very indefinite.—Prussia is an independent nation; then there are a number of small principalities more or less dependent on Prussia; the kingdoms of Wurtenburg, Baden, Hesse and Bavaria are independent. All these are German. Besides these are the Republic of Switzerland, German Austria and the kingdom of Holland. It will take all these to form a German unity. It may be that the present European disturbances, may give rise to new combinations and different organizations than those heretofore existing, and what has been known as the German confederation, consisting of Prussia and some dozen small Principalities, may be enlarged, but it is not likely that there will be a union of all the German element into one kingdom or empire, to be known as "Germany."

TOWNSHIP TAXES.

We learn that in some of the townships, the taxes assessed are very heavy. This is one of the evils of the Radical *regime*, which cannot be remedied without the call of a Convention. The condition of our affairs, would be bad enough, if the taxes upon our people were confined to what is absolutely necessary and legitimate, but to subject them to three or four different assessments by different parties, (often persons who are not free-holders or tax payers themselves,) as the present Constitution allows, will prove a burden which cannot be borne.

The General Assembly now fixes the rule of taxation for State and county purposes. These taxes are assessed upon the valuation fixed by appointees of the County Commissioners. The township officers then assess the taxes for the townships, and the towns and city Commissioners then assess the taxes for town and city purposes, by a distinct board of assessors. The only safe plan is to return to our old system, and let the valuation of property made by the assessors appointed by the County Courts, being free holders, be the only assessment made for all purposes.

ELECTIONS.—Gov. Holden has issued his proclamations, ordering an election to be held in Wake county, to fill the vacancy in the House occasioned by the death of H. A. Hodge, Esq., also in the Senatorial District of Craven and Carteret, to fill the vacancy in the Senate, occasioned by the resignation of Col. W. J. Clarke, also in the Senatorial District of New Hanover and Brunswick, occasioned by the death of A. H. Galloway,—all to take place on the 10th of November next.

U. S. SUPREME COURT.—At the next session of this Court a case comes up from Illinois, upon an appeal from Mrs. Myra Bardwell, whose application to the Supreme Court of Illinois for license as an attorney and counsellor at law, was refused because the applicant was a married woman and because the laws of Illinois did not recognize the eligibility of females.

For the Sentinel.

THE UNITED STATES SENATOR SHIP.

EDITOR SENTINEL:—I notice that a number of your correspondents take the position, that the Legislature should select for the United States Senate, a man whose disabilities under the 14th Amendment, have been removed without reference to his ability to take the "test oath." I wish, therefore, to respectfully suggest, that if the Legislature intends to cut off all who labor under disabilities it will have to go the "whole hog" and elect a man who can take the "test oath." In other words, no man is eligible, as I am informed, to a seat in Congress unless he can swallow the "test oath." Let us see, suppose Gen'l's Sherman and Ransom be each elected to the United States Senate; the oath having been prescribed for all members, the former would, of course, have to take it, notwithstanding he served in the Federal army during the late war. Now, is it reasonable to suppose, that Congress intended to put Gen. Ransom on a better footing than Gen. Sherman, when it pardoned the former for the crime of which the latter was never guilty? I think not; and I learn from a Republican who served in the last Congress that the removal of the disabilities imposed by the 14th amendment did not necessarily excuse one from the odious "test oath." Besides, as is generally known, the Chairman of the National Executive Committee of the Democratic party, Mr. Randall, recently telegraphed Judge Stevens of the Democratic Executive Committee of Georgia, advising him to nominate no one for office who could not take the test oath; for the reason, as was stated, that Congress will not admit any one simply because he does not labor under the disabilities imposed by the 14th amendment.

If the foregoing views are correct, it might be well to elect a man who can take the oath, *provided*, a good and capable man of that class can be found. But as it would be next to impossible to find such a man, would it not be the part of wisdom to let all our political war horses on the track and give them an even start? I submit these cursory remarks in the hope that the points I make may receive elucidation from the pen of a more competent writer than

SCRIBO.

Our correspondent is mistaken in supposing that any one has advocated in these columns the election to the U. S. Senate of any one who can take the "test oath."—Discussion has been confined to the simple proposition, whether the General Assembly, in making the selection, shall have regard to the disabilities of the party or not. The practice of the Congress has been, if we are not mistaken, not to require of those whose disabilities have been removed to take the "test oath," but a modified oath.—EDITOR.

The Wadesboro' *Argus* assures its readers that the disabilities of Col. A. M. Waddel, member elect to Congress from the 3rd district will certainly be removed.

"WE STOOD BESIDE THE RIVER."

We stood beside the river,
Whence all our souls must go,
Bearing a loved one in our arms,
Our hearts repeating the alarms
That came across the river:
And saw the sun decline in mist,
That rose until her brow it kissed,
And left it cold as snow.

Watching beside the river,
With every ebb and flow,
Fond hopes within our hearts would spring,
Until another warning ring
Came o'er the fearful river,
We saw the flush, the brightness fade,
The loving lips look grieved and sad,
The white hands whiter grow.

Watching by the river.
With anguish none can tell,
And trembling hearts and hands, we strove
To save the darling of our love,
From going down the river!
Oh, powerless but to weep and pray,
And grieve for one who, far away,
Had said his last farewell!

Weeping by the river,
There came a blessed time,
A solemn calm spread all around,
Making it seem like holy ground,
Beside the silent river!
The world receding from our eyes,
Caught gleams of that dear land which lies
In Canaan's happy clime!

And there, beside the river,
Came lessons strange and sweet,
The perfect work of patience done,
The warfare finished victory won
With weak hands by the river!
The childlike fear, the clinging love,
The darkness brightened from above,
The peace at Jesus' feet!

Waiting by the river,
Through mingled night and day,
Sweet memories round our hearts we bring,
Of Jesus' love and Heaven we sing,
To soothe her by the river;
And wept for one whose heart would break,
Be pitiful for Jesus' sake,
Father in heaven, we pray!

Standing by the river,
We closed the weary eyes,
In Jesus' arm we laid her down,
A lovely jewel for His crown,
He bore her through the river,
And clothed her in a robe so white,
Too beautiful for mortal sight.
And took her to the skies!

The crops of Cotton, peas and potatoes are said to be very short in Greene County.

Cotton stealing is in vogue in Goldsboro and the vicinity.

DIED,

At his residence, in Franklin county, on the 17th of September, BENJAMAN JOEL KING, in the 45th year of his age.

Mr King was a member of the Methodist Church, and his Christian piety was displayed in deeds of usefulness and in acts of quiet and unobtrusive kindness and charity among his neighbors, by whom he was greatly esteemed and much beloved. He was, for a number of years a Magistrate, and by the faithful and intelligent discharge of the duties of that office, he so secured the confidence of the community as to enable him to exercise a wholesome moral influence over it, which makes his death a serious loss. How much he was regarded by his neighbors, is evident by the fact, that though the Conservative party, to which he belonged, was defeated in the county of Franklin, yet he was elected on their ticket, one of the Commissioners for the county, having received, without any solicitation on his part, not only the entire Conservative vote of the county but many Republicans. "We have lost a kind neighbor. A good man has gone from among us," is the one sentiment of his neighbors, and as no one was more useful, none was more beloved. He leaves a wife and four children to experience the loss of an affectionate husband and kind father. May Heaven bless them.

COUNTY CONVENTION.

At a meeting of the Executive Democratic Conservative Committee of Wake County, held in this city this day, it was ordered, after a full and free consultation with our friends, that a County Convention be called to meet at the Court House in this city, of delegates from each Township, on Saturday, the 15th inst. for the purpose of nominating a candidate to fill the vacancy in the next House of Representatives, occasioned by the death of the late H. A. Hodge, deceased. The Committee respectfully advise the people of the several townships, to hold meetings in each on Thursday the 13th inst. to appoint delegates to attend said Convention, in order that there may be a full and fair expression of the wishes of the County.

Mrs. Young and Mrs. Taylor, over the Book store of A. Williams, announce to the ladies of Raleigh and all others, a stock of new millinery goods. We do not conceive it necessary to urge the ladies to give them a call, as we believe they generally go where new millinery is kept without much urging.

See T. H. Briggs' notice of Stoves, &c.

Also, W. C. Stronach & Co.'s new importations.

THE PUBLIC PRINTING.—We call the attention of those interested to the notice of the Public Printer in to-day's paper.

MAYOR'S COURT.—Yesterday morning this tribunal was almost without business. The following were the only cases demanding His Honor's attention:

Eliza Adkins, arrested for being drunk and disorderly on the streets and abusing a policeman. Released.

Bart Allen, lying drunk on the street.—Fined $2.

Dawson Smith, was reported for violating the city ordinance in regard to fast driving in the streets, but up to this writing had not been arrested.

ANOTHER HOTEL IN RALEIGH.—We learn that Maj. Blair, formerly of the Yarborough House in this city, having been disappointed in his contemplated arrangements for a Hotel at another point, has concluded to remain in Raleigh for the present and open the Exchange Hotel on Hillsboro street.—He expects to open the house about the 13th inst., and have everything in readiness for the State Fair, which begins on the 18th.

Everybody who has been in the habit of visiting Raleigh knows Maj. Blair as a hotel keeper, and he says he is going to keep a better hotel than he has ever kept in the city. His space will be rather limited for a while, but we learn that Mr. Grimes, the proprietor of the Exchange, intends soon to add to the house so as to make it one of the most splendid and fashionable hotels in the State.

Maj. B. is making arrangements by which he can comfortably accommodate all who may favor him with a call.

GOLD AND COPPER IN WAKE.—We were shown yesterday specimens of copper and gold found in this county, which we think indicate rich deposits of both those metals. The specimens were taken from a vein found by Mr. Wm. Broadwell on his place, fourteen miles northwest from Raleigh. In some of the rocks are found iron pyrites mixed with the copper, but these were taken near the surface; the best specimens of both gold and copper were taken from a shaft sunk several feet below the surface. We should not be surprised, if proper investigation be made, that very rich deposits of copper, and perhaps gold, would be found at the place alluded to.

NEW AND PRETTY.—A few days ago we stepped into the new house of the Rescue Fire Engine Company, to look at the fine chandelier just suspended in the session room. The Company are having their hall very neatly and comfortably arranged, and not the least ornamental article of their fixtures is the new chandelier, which is ornamented with miniature implements of the craft, artistically attached to the stem and arms.

SUPERIOR COURT.—Judge Watts arrived and opened his Court yesterday. It is due to Judge Watts to state that his non-arrival yesterday was owing to indisposition.

The grand jury was selected, and charged in the Judge's usual and *emphatic* style.—We were struck with some points of the charge, and thought he must have had the Ku Klux and the Governor both in his mind's eye at the time. He said that no man should be tried or punished for any crime, except through the intervention of a grand jury. He put such stress on this part of his charge, that our mind involuntarily reverted to the late military arrests by the Governor and his order, (from which he afterwards backed down) for a Court Martial or Military Commission to try the men arrested.

A large number of witnesses were sworn and sent before the Grand Jury, and from all indications the criminal docket will be a heavy one for the term.

The Judge is very particular, in his charges, to adapt his language to the comprehension of the Jury, and his aptitude in the selection of new words to convey his exact meaning to the mind is, at least, unique.—For instance, in his charge on the crime of burglary, he used the term "burglarer," to denote the criminal, a term we do not recollect occurring in the old law book—perhaps it has been incorporated in the "Code of Criminal Procedure," which we have not yet had the temerity to examine.

POLITICAL SPECULATIONS.—Information received at Washington City state that the canvass in Indiana, Ohio and Missouri, is more vigorously contested, than in any of the Western States. The division in the ranks of the Radicals in Missouri, determined the Democrats to run no State ticket. They have a prospect of electing one or more members of Congress. The Democrats expect to gain one Congressman in Wisconsin and two in Arkansas. They look for gains also in Ohio and Pennsylvania.—The tariff enters largely into the canvass.—Alabama, Louisiana and Georgia are expected to go Democratic. The Democrats expect to elect every Congressman in Tennessee, except in Maynard's district. They also expect to gain seven members in New York and one in New Jersey. The Radical Executive Committee does not concede a gain to the Democrats in the House of more than twenty members.

FINE PRINTING.—We learn that some young printers of this city, who are "up to a thing or two" in the art, design getting up an ornamental advertising circular for the State Fair, so arranged as to give the programme of each day's proceedings during Fair week; provided they meet with sufficient encouragement to justify them in the undertaking.

DON'T SMOKE.—The American *Advocate*, published at Salem, in his last "revival intelligence," endorses Colfax's speech and Grant's administration but taboos Holden and *his* administration altogether. What does this mean? Don't Walter go with his party—we mean his party in this State, Holden, Ashley, Kirk, military, suspension of *habeas corpus*, Littlefield, State bond frauds, and other party characters and characteristics? We are afraid Walter's stomach is getting too weak for such a strong dose.

WANT TO KNOW, what was the amount of the bill presented by Farriss, keeper of the Capitol against the State for wood, and how much was "docked," after measurement of the wood, before the bill was paid? We ask, because we have heard it intimated that the account was docked *eleven hundred dollars*, because of the fact that the amount of wood *wasn't there* when it came to be measured.

Quere. Has Farris been restored to the confidence of his Excellency?

For the Sentinel.

HON. JOHN E. SANFORD, INSURANCE COMMISSIONER ON THE "TONTINE PLAN" OF INSURANCE.

"One of the expedients of new companies to get business, is the heralding of "new features" of Insurance, which promises unheard of advantages to the insured.—Many of these are in fact old features, like the Tontine plan, which had their day, and passed into disuse, before life insurance had fairly become an established sytem. If new and at the same time safe for the company, it is certain that they offer no inducements which any other company could not offer at the same price. Almost any wonderful thing can be done for the policy holder, if he is willing to pay for it; and it is very sure that a new company cannot grant privileges that an established company, with smaller expenses, could not furnish at a less cost. When stripped of the specious covering that is intended to give them currency, it will generally be found that, it the company is not getting decidedly the best of the bargain. The policy-holder would be doing a much better thing for himself if he had chosen some familiar form of policy." W.

Bear in Mind.

When disease has undermined the health, and the physical system has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming. For all such maladies Hostetter's Stomach Bitters have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the taste that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Balsamic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no *fusil oil*, or any other deleterious element. The most careful and skilful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of the hundreds of thousands who have experienced the preventive and curative effects of the GREAT VEGETABLE TONIC and ALTERATIVE of modern times is still more conclusive. In Fever and Ague, Dyspepsia, Biliousness, Nervous Complaints, Chronic Complaints and general debility, it is as nearly infallible as anything in this fallible world can be.

THE SIGHT OF THE AGED ASSISTED, THE WEAK STRENGTHENED AND THE PERFECT PRESERVED.

The Celebrated Concave Convex Crystal Spectacles, and Eye Glasses Manufactured by the PHILADELPHIA OPTICAL INSTITUTE,

HAVE now been a long time before the public, and the rapid and increased demand for them, combined with the universal acknowledgment of their clearness and vision and ease to the eye, shows plainly that they are superior to any other glasses in the market.

The advantages claimed for the Concave Convex Crystal Glasses are the following:

The Lenses are ground of the best material pure and hard, and made only for optical purposes, they are therefore not liable to get scratched or dim.

They confer a brilliancy and distinctness of vision not found in any other glass.

They can be used equally well by day or candle light without tiring or fatiguing the eyes.

They are ground mathematically true in the concave convex mirror, according to the philosophy of nature, and shape of corner of the eye, therefore assisting nature only instead of forcing it.

That the lenses are centered correct into the frames.

They can be used longer than any other glasses without changing to a higher power.

The frames are made strong and durable by experienced workmen and warranted to give satisfaction.

With a view to meet the increased demand for our celebrated Spectacles, we have appointed an agent for this neighborhood, as stated below, who has received all needful instructions, and will, in all difficult cases, have the assistance and consultation of a practical Optician from the Institute here

TELEGRAPHIC.

Tuesday Evening Dispatches.

WASHINGTON.

WASHINGTON, Oct. 4.—*Foreign*—Bismarck replies to Favre that a preliminary notice of the bombardment, would be unmilitary. Bismarck insists that the Prussian terms to Favre for an armistice were moderate.

BERLIN, Oct. 4.—The Parisians having ordered that no prisoners be taken, because they consume supplies, the Prussian commanders have ordered no prisoners to be taken.

All the villages around Metz have been destroyed by the late cannonade.

Navigation of the Baltic will doubtless be safe before steamers starting from America arrive.

LONDON, Oct. 4.—Napoleon's manifesto, published here this morning, is undoubtedly bogus.

Paris letters received to-day say that the Prussians threaten Point Du Jour. The bombardment of the city from the West is imminent.—Books of great libraries have been placed in cellars. A watchman has been placed in the Notre Dame to look out for fires.

TOURS, Oct. 4.—An encounter recently occurred between a reconnoitering party of French and Germans, North of Paris; no particulars. Commandants of Forts, South of Paris, report large masses of Prussians passing Westward towards Versailles, on the 28th. On the same day no Prussians were visible from the tower of Vincennes.

MARKETS.

NEW YORK, Oct. 4.—Flour 5 cents better; Wheat 1 cent better; Corn a shade firmer; Pork firm at 25,75; Lard steady; Cotton quiet, uplands 16⅛ Orleans 16⅛, sales of 800 bales; Spirits Turpentine in fair demand at 39½ to 40; Rosin firm, strained 2.

Stocks very firm; Gold 13; Money 4 to 5; Sterling, long 9, short 9½; Bonds 12½.

LONDON, Oct. 4.—Consols 92½; Bonds 90½.

LIVERPOOL, Oct. 4.—Cotton opens steady, Uplands 8½; Orleans 8¾, sales 10,000 bales.

Tuesday Night Dispatches.

WASHINGTON.

WASHINGTON, Oct. 4.—The increase sale of postage stamps of this, over last year, will amount to a million and a half.

The Cabinet met to-day; nothing important transpired.

An order has been issued consigning Mrs. A. S. Pollard to the Insane Asylum.

The Southern Commercial Convention assembled. Pendleton delivered the reception address. A Committee, one from each State, was appointed upon permanent organization.

FOREIGN.

FERRIERES, Oct. 4.—Via Berlin. Nothing interesting around Paris since the last dispatch.—A sortie from Metz on Thursday, was repulsed by Genl. Kamace, with heavy loss to the French.

VIENNA, Oct. 4.—The Austrian government again disclaims any anxiety about Russian designs upon the Danubian principalities.

TOURS, Oct. 4.—An officer of the late Pontificial army is here organizing a corps of free rifles.—Gen. Cambriels will command the fifteenth corps which is now organizing here and at Bourges.

The Garde Mobile received six thousand chassepots to-day. The Prussian force which recently crossed the Rhine, near Mulhouse, arrived at Chalomon. A Prussian detachment was driven out of Artenay yesterday. A movement is evidently on foot to attack Tours.

In Brittany, the clergy are taking active measures for national defence. The same is the case throughout Southern France. The Government is thus greatly strengthened.

Accounts from all parts of France show that the sharp-shooters are seriously annoying the enemy. The Postal service still continues to be very irregular and uncertain.

Many corps of Mobiles and sharp-shooters are arriving here to be armed with chassepots; the Government having a large supply.

Advices received here state that the Prussians are concentrating at Toul for a movement on Lyons. Energetic measures are progressing to defend Lyons. The employees of the Postoffice Department are absolved from military duty.

BERLIN, Oct 4.—A fuller synopsis of Bismarck's circular says, that though Favre's representations of what passed at the interview may not have been wrong intentionally, yet his construction was wrong. Many questions were discussed. Bismarck did say that the new Moselle district would be certainly protected,—The arrondissements of Saarbrucken, Chatteau Salines, Saargemund, Metz and Thionville, would be demanded by Prussia, but he took pains to say that this might not be all the territory exacted. Favre said that "Strasburg was the key to the house," not explaining whether to the German or French house.

Favre in a previous correspondence said he was willing to pay, as a price of peace, all the money France had, but refused to listen to any territorial surrender. He adds, that if such a cession was an indispensible requirement of the Prussian negotiation, it was useless, as it involved France in dishonor.

Bismarck reminded Favre that they were terms such as France had forced on Italy, and exacted from Germany, even without a previous war, and that the honor of France was not keener than that of other people. Favre declined to recognize such precedents or see how little the honor of France was concerned with the preservation of the territorial threats of Louis the 14th, or of the first Empire.

The proposal of an armistice was only discussed at Ferriers. The statement, therefore, that I had refused an armistice at a proceeding interview is false. It was agreed at Ferriers that an armistice would be possible, if France would give Prussia guarantees against a delay and against destroying the advantages of position she had earned in the war. These guarantees included the retention of the fortresses on the lines of communication and the handing over of the fortifications of Paris, pending the negotiations, or else the commanding forts near Paris. It would have been impossible for Prussia to allow Paris free intercourse with the country as it might thus have received supplies and reinforcements. Favre refused the terms, but promised to consult his colleagues in Paris. The programme which he carried back included an armistice of fifteen or twenty days, to permit the assemblage of the Constituent Assembly; for the maintenance of the military status before Paris; the continuance of hostilities under certain limitations and the surrender of Strasburg, Toul and Bitsche.

The refusal of these terms must convince mankind that the French Government believed their acceptance would produce peace, which was not desired by them.

LONDON, Oct. 4.—An American writer in the *Standard* says that the news of Prussian victories now falls dead in the United States, and even at Berlin the people are indifferent.

A Rail Road collision occurred at Crewe; several were hurt.

The *North China Herald* mentions a treaty between China and Japan for the exclusion of foreigners.

Jules Favre is waiting to send a letter to King William before deciding how to act.

Calais is filled with National Guards. Reconnoitering parties are sent out towards Arron.

ROUEN, Oct. 4.—The Prussians are in force at Mataas and have also approached Rollebois.

MARKETS.

NEW YORK, Oct. 4.—Cotton weak, uplands 16¼, sales 4,200 bales; Flour unchanged; Wheat 1 to 2 cents better; Corn a shade firmer at 87 to 88; Pork decidedly firmer at 26; Lard unchanged; Whisky 88 to 89; Naval stores firmer; Freights steady.

Money a little active at 4 to 5; Sterling 9¼ to 9½; Gold 13¼; Governments firmer; 62s 12¼; Southerns dull and steady.

LIVERPOOL, Oct. 4.—Cotton steady, uplands 8½, Orleans 8¾, sales of 12,000 bales.

UNMAILABLE LETTERS.—The following letters are held in the Post office of this city for lack of proper postage: Mrs. M. A. Davis, Richmond, Va.; Mrs. F. T. Plyler, Salisbury, N. C.; Howard Association, Box P., Philadelphia; Jacob Moore, New-bern, N. C.

The reports put in circulation that a good deal of sickness prevailed at Charlotte is pronounced false by the papers of that city.

Large preparations are going on in Charlotte for the Mecklenburg Agricultural Fair, which is to be held Nov. 30th. It is thought that addresses will be made by Ex President Andrew Johnson, Ex-Gov. H. A. Wise of Virginia and Hon. W. A. Graham of this State.

Cabarrus County has a population of 11,969.

The name of J. Harvey Wilson, Esq. of Charlotte, is suggested for the United States Senate.

They have a dollar store recently opened in Wilmington; we have a "cheap-John" establishment here as a set-off.

THE MOST VIGOROUS AND PROGRESSIVE COMPANY IN THE WORLD.

The Equitable

LIFE ASSURANCE SOCIETY OF THE UNITED STATES

120 BROADWAY, NEW YORK.

BURROUGHS & SPRINGS,
GENERAL AGENTS,
CHARLOTTE, N. C.

TWENTY-ONE REASONS FOR PREFERRING THIS COMPANY TO ALL OTHERS.

1. Its cash assets are upwards of $13,000,000.00 and constantly increasing.
2. None of this is made up of promissory notes as in many Companies.
3. Its cash income per annum is over $6,500,000.00 and steadily growing larger.
4. None of this is composed of the notes-of-hand of policy-holders, as the case in many companies.
5. It has paid to widows and orphans, and other claimants under policies on deceased members, about $4,000,000.
6. Such payments are made in cash, and not partly in cancelled notes, as is the case in many companies.
7. No deductions are made from the face of a policy for premium notes when it becomes a claim, as is the case in all Note Companies.
8. The sum of $1,500,000, and upwards, in cash divided among policy-holders, (this included the dividend for the present year), as profits of the business.
9. All the profits of the business are annually divided among the assured Equitably, instead of being wholly or partially distributed among the stockholders, as is the case in all "Mixed" and "Proprietary" Companies.
10. Dividends are invariably available as cash in payment of premiums.
11. The dividends are made from the start and not postponed until after the lapse of several years, as in many Companies.
12. The Society deals Equitably with its policy-holders.
13. The Equitable has made more progress since its organization than any other Life Company in the world.
14. Its risks have been so carefully selected and its dealing so equitable, that it has never been obliged to contest the payment of a claim at law.
15. Its modes of applying dividends are more numerous and more advantageous than those of any other company in the world.
16. It issues all the popular styles of policy, including "Ten Year Non-Forfeiting" and "Endowment policies."
17. The amount of new business during the year ending "December, 1, 1869, was $51,021,141.00.
18. Its policies average larger in amount than those of any other company, showing that capitalists select the Equitable for purposes of investment.
19. The profits of the business are apportioned to the assured on the "Contribution Plan," which is conceded to be the only equitable mode of division, and not by the mode adopted by many companies, which is grossly unjust to a large proportion of the policy-holders.
20. It is as liberal in the conduct of its business as is consistent with safety to the assured, and does not sacrifice proper caution to an ambition to increase the nominal amount of its business as is the case with many new companies.
21. It is the favorite company in the United States, as is shown by its new business for last year, being nearly $13,000,000 greater than any other company.

P. F. PESCUD, JR.,

RALEIGH, N. C.

SUCCEEDS HIS FATHER IN THE AGENCY OF THE

NATIONAL LIFE INSURANCE CO., U. S. A.

For the Central and Northern Counties in
NORTH CAROLINA.

The NATIONAL, under the management of his father, P. F. Pescud, Sr., secured very many warm friends who obtained policies for large amounts, and the fact that it has issued upwards of

10,000 POLICIES,

and nearly doubled its immense Capital of $1,000,000 in about two years, speaks more for its wonderful popularity than any language at my command. The rates being based on the Stock Plan, and when contrasted with Mutual Cash rates, are so much lower, that a certain and handsome dividend is secured from the date of the Policy.

I will be gratified to take applications from my friends and all wanting Policies, and shall want many active and reliable Agents, in the fields assigned me.

FOR THE IMPROVED
"UTLEY COTTON PRESS."

THE "UTLEY PRESS" So well known, and which gave entire satisfaction last season, can be obtained of me at Raleigh, or my Agents, Messrs. Mitchell, Allen & Co., Newbern, with its improvements.

Price $175.00.

This invention of power, whereby all friction is overcome, its simplicity, economy and durability, astonishes all who see it; and the more so that a power so simple should have remained so long unappropriated. The strain is wholly borne by the Best Plate, Follower Block, and two 1½ inch square iron bars, which is capable of sustaining a strain of 190,000 lbs. Thus giving much more strength than is required. WITH THIS PRESS TWO MEN CAN PACK A BALE OF COTTON WITH EASE IN EIGHT MINUTES WEIGHING FROM 400 TO 550 lbs.

One man can do the work, only requiring longer time.

It occupies a very small space, and can be so placed as to receive the lint direct from the Gin or Lint Room, as may be desired. Thus doing away with baskets, and frequent handling of the lint.

It is light in weight, can be taken down or put up in 30 minutes and transported on a two Horse Wagon.

I believe it unequalled by any Press for power, convenience and durability.

Press complete—Depth Cotton Box 8 feet; Size Bale 4½ feet x26x28x10in; wt. Bale 400 to 550 lbs.

T. H. BRIGGS, Esq.: Dear Sir:—I used the "Utley Cotton Press," I purchased from you last season, and consider it to be the best Press I ever saw. Having packed bales to weigh from five hundred and ninety (590) to six hundred and twelve pounds (612) I consider it the best and most durable Press I ever saw used, and can cheerfully recommend its use to the farmers of North Carolina.
Yours truly, C. W. BYNUM.

MR. THOMAS H. BRIGGS: Dear Sir:—Yours of 13th instant inquiring as to the merits of the "Utley Cotton Press" is to hand, and in reply I would say that I have tried other Presses and consider the *plan upon which the Utley Press works* cheaper, simpler and more durable than any I have met with.
Yours very respectfully,
JAS. R. WILDER.

T. H. BRIGGS, Esq., Raleigh, N. C.: Dear Sir:—I used the "Utley Cotton Press" I purchased from you last season. I packed my own crop of cotton, also other crops for my neighbors, making in all one hundred bales. THE
Widows & Orphans
BENEFIT LIFE INSURANCE COMPANY
OF NEW YORK.
Cash Assets over $1,500,000,

ISSUES ALL FORMS OF NON FORFEITABLE WHOLE LIFE AND ENDOWMENT POLICIES on the Mutual Cash Plan, declaring Dividends annually after the first annual premium paid. Assets exclusively Cash with no portion of its reserve fund in premium notes, consequently its "reserve" is stronger than that of any Company doing business in this State. No "*Definite surrender values guaranteed*" as an inducement to new business, but reference is made to the average amount, paid on each surrendered policy as shown by New York Insurance Reports, 1869 in evidence of having paid larger surrender values, than has been given under a minimum "Definite Cash Surrender Value." *Death losses* have not occurred, out of *several hundred policy-holders* in this State, which fact must establish the better ability of the Company, to pay larger dividends than Companies having an excessive mortality, the result of a selection of bad risks. "*Fictitious Dividends* are not declared, but Dividends are given from the actual surplus, in accordance with the Company's Charter. The attention of the public is invited to the following comparison of cost, demonstrating the advantages over ordinary insurances, of the

POLICIES VALUABLE IN LIFE, AS WELL AS AT DEATH!!

THE BROOKLYN LIFE, IS THE ONLY COMPANY IN AMERICA WHICH GUARANTEES

DEFINITE CASH SURRENDER VALUES,

IN CASE A POLICY IS FORFEITED FOR NON-PAYMENT OF PREMIUM.

The BROOKLYN LIFE enjoys the highest reputation *for judgment of investment, economy of management, and skill and care in the selection of risks,*—upon which elements of administration the security of a Life Insurance Corporation *depends.*

The laws of New York compel Companies in that State to calculate the Cash value of their Policies, each and every year, *and a certain legal standard of reserve and accumulation must be held by the Companies to meet all their liabilities.*

Insurers in looking around for Companies in which to insure, should carefully seek for this important SAFEGUARD. It will be found in the BROOKLYN LIFE.
